Services

Program Management

McKing has decades of senior-level experience managing federal government agency and private company programs. We are prepared to assist in meeting the management challenges of today's government agencies, grantees and other organizations through overall program assessments and providing support in diverse areas including strategic planning, organizational development and effectiveness, logistical and administrative support, and policy analysis.

Communication and Marketing

We help clients develop critical health communication materials, informational and educational documents and targeted marketing resources. We work on tasks across the communication spectrum; from updates to media and Congressional staff to developing health issue campaigns for specific populations. Our communication and marketing staff have superior writing and editing skills, as well as formal training and/or scientific education expertise and capabilities to fulfill clients' outreach needs.

Scientific Services

McKing provides a range of scientific services in support of research, program development and evaluation, surveys, data collection tools and publication of scientific data. These services include the use of epidemiology, statistical, behavioral, laboratory, and evaluation sciences for our clients. Because we have in-depth skills and knowledge in qualitative and quantitative data analyses and development of protocols to ensure human subjects protection, clients are assured that our work adheres to the strictest agency standards for integrity and reliability.

International Program Support

McKing deploys staff members to countries around the world to provide short- and long-term technical assistance and support to government programs and to community-based organizations and initiatives. We provide technical assistance and consultations through trainings, assessments, program development and management, and evaluations.
