Contract No. GS-00F-0042P

Information Technology Services (IT)

PSS SIN: C132-51

PSS Recovery SIN: C132-51RC

Contract No. GS-00F-0042P

*NOTE – SIN C132-51 cannot be used as a “stand alone” SIN.

It can only be used for ancillary services under McKing’s MOBIS or FABS SINS.

The Service Contract Act (SCA) is applicable to this contract and as it applies to the entire Professional Services Schedule and all services provided. While no specific labor categories have been identified as being subject to SCA due to exemptions for professional employees (FAR 22.1101, 22.1102 and 29CRF 5413.300), this contract still maintains the provisions and protections for SCA eligible labor categories. If and/or when the Contractor adds SCA labor categories / employees to the contract through the modification process, the Contractor must inform the Contracting Officer and establish a SCA matrix identifying the GSA labor category titles, the occupational code, SCA labor category titles and applicable wage determination (WD) number. Failure to do so may result in cancellation of the contract.

27. **SIN 00CORP 500, Order Level Materials as defined at Task Order level. Maximum Order Threshold:** \$100,000

McKing Consulting Corporation Profile

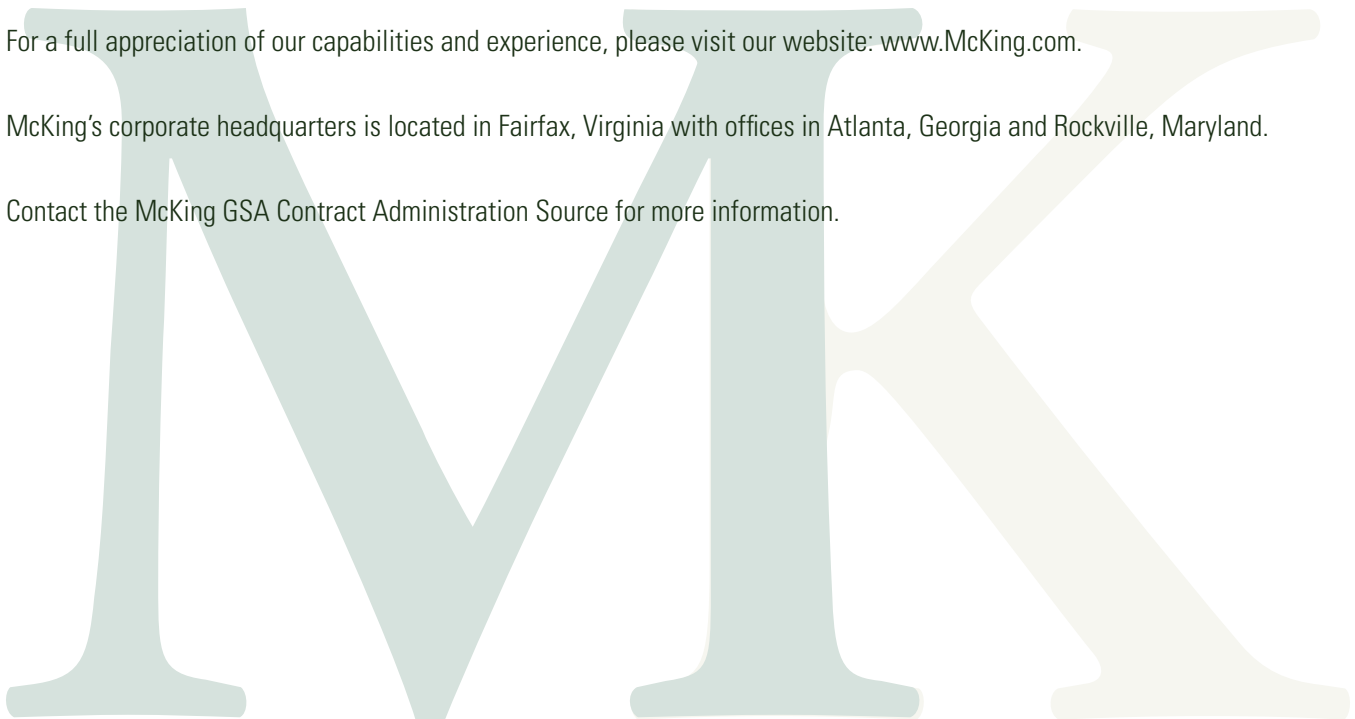

McKing Consulting Corporation is a large veteran-owned, full-service professional consulting firm specializing in public health and management consulting. Our experience with U.S. government and private sector organizations, business rapport, and complementary skills, enable us to deliver top-quality services with extraordinary cost-efficiency. We perform an array of professional services—on time, on budget, and on target.

McKing is committed to fast-turnaround, high-quality products, responsive cost-effective service, and continuous improvement. Our staff is productive and versatile. We focus on ensuring total compliance with all government contract requirements and responding quickly in a dynamic and sometimes urgent work environment.

For a full appreciation of our capabilities and experience, please visit our website: www.McKing.com.

McKing's corporate headquarters is located in Fairfax, Virginia with offices in Atlanta, Georgia and Rockville, Maryland.

Contact the McKing GSA Contract Administration Source for more information.

Services

Program Management

McKing has decades of senior-level experience managing federal government agency and private company programs. We are prepared to assist in meeting the management challenges of today's government agencies, grantees and other organizations through overall program assessments and providing support in diverse areas including strategic planning, organizational development and effectiveness, logistical and administrative support, and policy analysis.

Communication and Marketing

We help clients develop critical health communication materials, informational and educational documents and targeted marketing resources. We work on tasks across the communication spectrum; from updates to media and Congressional staff to developing health issue campaigns for specific populations. Our communication and marketing staff have superior writing and editing skills, as well as formal training and/or scientific education expertise and capabilities to fulfill clients' outreach needs.

Scientific Services

McKing provides a range of scientific services in support of research, program development and evaluation, surveys, data collection tools and publication of scientific data. These services include the use of epidemiology, statistical, behavioral, laboratory, and evaluation sciences for our clients. Because we have in-depth skills and knowledge in qualitative and quantitative data analyses and development of protocols to ensure human subjects protection, clients are assured that our work adheres to the strictest agency standards for integrity and reliability.

International Program Support

McKing deploys staff members to countries around the world to provide short- and long-term technical assistance and support to government programs and to community-based organizations and initiatives. We provide technical assistance and consultations through trainings, assessments, program development and management, and evaluations.

Manages client relationships for teams of consultants and professionals assigned to projects and client-customer program and operators work sites.

Education/Experience: Master's/4 years
 Bachelor's/6 years
 High School/10 years

Public Health Management Consultant II: Provides consultation, operational, and management advice. Facilitates administrative operations, including project budget development and allocation. Provides guidance and recommendations to improve existing information and tracking systems. Assists with the preparation of position descriptions, including KSAs, job analyses, and related work plans. Assists with various activities associated with awarding extramural funds. Assesses and provides recommendations on organizational, operational, and administrative issues.

Education/Experience: Master's/12 years
 Bachelor's/15 years

MOBIS Labor Category Descriptions

Public Health Management Consultant I: Provides consultation, operational, and management support to carry out a broad array of management tasks. Facilitates administrative operations, including project budget development and allocation. Provides guidance and recommendations to improve existing information and tracking systems. Assists with the preparation of position descriptions, including KSAs, job analyses, and related work plans. Assists in the development of plans to implement extramural projects, including assistance in developing continuation packages and drafting program announcements for grants and cooperative agreements; assistance during the objective review process; drafting memorandums of agreement, interagency agreements, cooperative agreements, proposals for contracts and task orders, and other documents needed to carry out intramural and extramural programs.

Education/Experience: Master's/10 years
 Bachelor's/12 years

Public Health Program Consultant I: Enhances the administrative operations of public health programs. Develops, promotes, coordinates, and improves program policies, standards, activities, and opportunities. Supervises, coordinates, and manages several aspects of the program, including staffing, coordinating meetings and committees, budget, and implementation of project activities. Establishes procedures, including State staff training, development of training and support materials, and oversight and evaluation. Coordinate cooperation across government agencies and CIOs and develops partnerships with nonprofit and the private sector.

Education/Experience: Master's/6 years
 Bachelor's/8 years

Program Analyst III: Provides assistance in a broad range of activities designed to assess program management activities and enhance their performance. These include meeting with program management officials; development and implementation of ongoing forums to improve communications among and the effectiveness of managers; and a variety of training activities and other events to respond to specific program management needs. Assists in the development of written materials and presentations. Provides logistical assistance for meetings, conferences, and review panels.

Education/Experience: Bachelor's/10 years
 High School/14 years

Program Analyst II: Provides assistance for the purpose of developing sound procedures and process. Manages all logistical items associated with a meeting or event and the development and implementation of mechanisms to improve coordination and communication. Assists with activities involved with application review, peer reviews of research applications, and the preparation of the funding packages for approved applications. Assists in the development of written materials and presentations.

Education/Experience: Bachelor's/8 years
 High School/12 years

Program Analyst I: Assists in monitoring all incoming correspondence and reports, writing and editing complex technical material for various audiences, and analyzing documents for policy implications. Provides logistical assistance for meetings and conferences.

Education/Experience: Bachelor's/6 years
 High School/10 years

MOBIS Labor Category Descriptions

Program Consultant III: Develops and coordinates plans and policies, resources, and mission as well as goals, visions, and expectations of agency or program. Works with internal and external parties to organize the various procedural, technical, fiscal, and administrative systems needed to initiate, run, and conclude program activities. Develops cooperative partnerships with community-based organizations and agencies that will enhance program activities. Assists with the development and management of the program budget. Monitors and evaluates operations, programs, processes, and/or practices for quality and effectiveness. Makes recommendations for improvement.

Education/Experience: Master's/10 years
 Bachelor's/12 years

Program Consultant II: Develops and coordinates plans and policies, resources, and mission as well as goals, visions, and expectations of agency or program. Works with internal and external parties to organize the various components needed to initiate, run, and conclude program activities. Develops cooperative partnerships with community-based organizations and agencies that will enhance the provision of services. Assists with the development of the program budget. Participates in the development of training, program guidance, best practices, and evaluation methods.

Education/Experience: Master's/8 years
 Bachelor's/10 years

Program Consultant I: Develops and coordinates plans and policies, resources, and mission as well as goals, visions, and expectations of agency or program. Works with internal and external parties to organize the various components needed to initiate, run, and conclude program activities. Works with identified partners to enhance and carry out program activities. Assists with the development and management of the program budget. Participates in the development of training, program guidance, best practices, and evaluation methods.

Education/Experience: Master's/5 years
 Bachelor's/8 years

Program Coordinator IV: Develops and implements program policies, procedures, goals, and objectives. Leads research and preparation of a variety of reports on program activities and operations. Gathers statistical data as needed. Analyzes budgets, data, or other documents as needed. Leads program evaluation efforts.

Education/Experience: Doctorate/5 years
 Master's/10years
 Bachelor's Degree/12years

Program Coordinator III: Develops and implements program policies, procedures, goals, and objectives. Assists with research and leads preparation of a variety of reports on program activities and operations. Gathers statistical data as needed or requested. Conducts program evaluation activities.

Education/Experience: Doctorate/4 years
 Master's/8 years
 Bachelor's/10 years

Program Coordinator II: Implements program policies, procedures, goals, and objectives. Prepares and/or assists in the preparation of a variety of reports on program activities and operations. Gathers statistical data as needed or requested. Conducts program evaluation activities.

Education/Experience: Master's/6 years
 Bachelor's/8 years

MOBIS Labor Category Descriptions

Program Coordinator I: Assists in the implementation of program policies, procedures, goals, and objectives. Assists in a variety of reports on program activities and operations. Assists with collecting statistical data as needed or requested. Assists with program evaluation activities.

Education/Experience: Master's/4 years
 Bachelor's/6 years

Administrative Assistant III: Performs complex and confidential administrative duties. Compiles reports and prepares agendas and background materials. Maintains databases. Coordinates special projects by developing project plans and schedules. Requires extensive working knowledge of client's practices and procedures. Responsible for handling sensitive situations. Requires a thorough working knowledge of computer applications, including word processing, spreadsheet, database, and presentation software.

Education/Experience: Associate's/6 years
 High School/9 years

Administrative Assistant II: Performs complex and routine administrative and clerical support duties to relieve client of administrative details. Answers routine inquiries and prepares responses to routine correspondence. Designs spreadsheets and maintains databases. Researches and compiles special reports. Requires practical knowledge of computer applications, including word processing, spreadsheet, database, electronic mail, and presentation software.

Education/Experience: Associate's/1 year
 High School/4 years

Administrative Assistant I: Performs administrative and clerical support duties to relieve client of administrative details. Types correspondence, reports, and memos. Maintains computer-based and paper files. Answers and screens telephone calls and opens and distributes mail for unit. Assists in researching and compiling special reports. Schedules and maintains calendar of appointments, meetings, and travel itineraries. Resolves routine questions and problems. Requires basic knowledge of computer software applications. Requires standard typing/word processing and language skills.

Education/Experience: High School/2 years

Office Clerk: Types correspondence, reports, and memos. Maintains computer-based and paper files. Answers and screens telephone calls and opens and distributes mail for unit. Schedules and maintains calendar of appointments, meetings, and travel itineraries. Requires standard typing/word processing and language skills.

Education/Experience: High School/0 years

Graphics Designer: Designs art and copy layout material to be presented visually in magazines, books, and newspapers; on product packaging; via television, computer monitor, Web site and CD-ROM; and by other visual communication media. Plans presentations that typically include illustrations, photographs, and text. Selects styles and sizes of type. Draws or prepares samples of proposed designs. Prepares illustrations and rough sketches. Develops style sheets, logo type, and graphic standards for printed and published materials. Prepares series of drawings to illustrate sequence and timing of story development for video or computer presentation. Prepares notes and instructions for desktop publishing workers who assemble layouts for printing. Designs and produces pages for Web site. Reviews final layout and recommends improvements as necessary.

Education/Experience: Bachelor's/5 years
 High School/9 years

MOBIS Labor Category Descriptions

Senior Technical Writer/Editor: Supervises and manages writing assignments, performs final edits, and approves the final written product. Authors complex writing assignments. Writes/rewrites, summarizes, and edits technical materials, including planning, operations, and maintenance manuals and other technical publications. Coordinates efforts of technical artists and illustrators in preparing reports, articles, and books for internal and external distribution. Prepares original text based on technical data provided. Writes analytical, interpretive, documentary, and promotional copy. Approves graphic design, organization of text and graphic elements, and mechanical layout of camera-ready copy.

Education/Experience: Bachelor's/10 years
High School/15 years

Technical Writer/Editor: Researches, writes/rewrites, summarizes, and edits technical material, including operations and maintenance manuals and technical publications. Coordinates efforts of technical artists and illustrators in preparing reports, articles, and books for internal and external distribution. Prepares original text based on technical data provided. Writes analytical, interpretive, documentary, and promotional copy. Approves graphic design, organization of text and graphic materials, and mechanical layout of camera-ready copy.

Education/Experience: Bachelor's/9 years
High School/5 years

Managing Editor: Responsible for editorial content of books, journals, or magazines, including the composition, design, and graphics requirements. Responsible for manuscript selection, preparation, and production in accordance with style specifications and quality standards. Manages and coordinates activities of the editorial and production staff.

Education/Experience: Bachelor's/8 years
High School/12 years

Senior Editor: Reads and evaluates complex or specialized manuscripts, technical and scientific articles, and papers to determine the extent of editorial problems and shortcomings. Participates in the development of theme and content. Writes or supervises the writing of articles, stories, editorials, headlines, and captions. Supervises copy editors, editorial assistants, production editors, and designers. Requires extensive editing experience. Requires subject matter expertise.

Education/Experience: Bachelor's/6 years
High School/10 years

Statistician Levels 6, 4, and 3: Determines the mathematical principles involved and the most efficient methodology for solutions of problems. Acts as an advisor or consultant on application of mathematical analysis to scientific and engineering problems. Performs research to discover new or improved methods of application of mathematical theory or analysis to new or unexplored areas of scientific investigation. Gathers and analyzes collected information according to established statistical methods. Prepares reports, charts, tables, and other visual aids.

Education/Experience: **Level 6:** Advanced Degree or Doctorate/10 years
Level 4: Bachelor's/8 years
Level 3: Bachelor's/5 years

MOBIS Labor Category Descriptions

Scientist Levels 9, 8, 7, 6, 5, 4, 3, 2, and 1: Has recognized scientific expertise in the public health arena, specifically in assessing and understanding public health issues and/or risks. Includes but is not limited to scientists in the field of immunology, toxicology, epidemiology, microbiology, biology, and biostatistics. Must have demonstrated indepth knowledge of specific field of expertise. Must have knowledge and direct experience with the application of procedures and with test and evaluation operational requirements relative to specific field of expertise.

Education/Experience: **Level 9:** Advanced Degree or Doctorate/5 years
 Level 8: Advanced Degree or Doctorate/2 years
 Level 7: Advanced Degree or Doctorate/0
 Level 6: Master's/5 years
 Level 5: Master's/3 years
 Level 4: Master's/1 year
 Level 3: Master's/0
 Level 2: Bachelor's/1 year
 Level 1: Bachelor's/0

Analyst/Programmer V: As a top-level technical expert, acts as a project team leader in the design and development of a complex enterprise-wide business systems. Consults with users to formulate and develop program objectives. Evaluates equipment capacities and limitations, operating time, cost and time requirements, and compatibility with existing systems to solve complex problems. Responsible for quality assurance and improvement review and directing and monitoring the work of team members. Has expert technical knowledge in all phases of applications systems.

Education/Experience: Master's/10 years
 Bachelor's/12 years

Analyst/Programmer IV: As a high-level technical expert, consults with users to formulate and develop program objectives. Evaluates equipment capacity and limitations, operating time, cost and time requirements, and compatibility with existing systems to solve complex problems. Defines steps required for program development and works on all phases of program. Writes program documentation and operation guidelines. Has advanced knowledge of programming techniques, operating systems, and platform capabilities.

Education/Experience: Master's/8 years
 Bachelor's/10 years
 High School/12 years

Analyst/Programmer III: Formulates, designs, and implements complex business, financial, and accounting management information systems. Determines system scope and objectives. Evaluates equipment capacity and limitations, operating time, cost and time requirements, and compatibility with existing systems to solve complex problems. Analyzes and revises existing system logic difficulties and documentation. Determines detailed program specifications and works on all phases of program.

Education/Experience: Bachelor's/6 years
 High School/10 years

MOBIS Labor Category Descriptions

Analyst/Programmer II: Defines system scope and objectives through research and fact-finding. Plans, develops, and tests complex information systems and computer programs. Prepares detailed specifications from which programs are written. Designs, codes, tests, debugs, documents, and maintains computer programs. Prepares user documentation and materials. Has knowledge of current programming languages.

Education/Experience: Bachelor's/4 years
High School/8 years

Analyst/Programmer I: Assists in researching and fact-finding to develop or modify information systems and computer programs. Meets with users to identify problems and document specific needs and requirements. Assists in preparing detailed flowcharts. Designs, codes, tests, and debugs documents and maintains computer programs. Has knowledge of current programming languages

Education/Experience: Bachelor's/2 years
High School/6 years

Data Entry Team Leader: Supervises other data entry clerks to ensure that all tasks will be completed on time. Assigns and reviews data entry files of entire team. Transfers data from electronic and hard-copy files into client's application by means of typing and copying/pasting. Requires some knowledge of computer software.

Education/Experience: High School/4 years

Data Entry Clerk I: Transfers data from electronic and hard-copy files into client's application by means of typing and copying/pasting. Requires some knowledge of computer software application.

Education/Experience: High School/2 years

Senior Instructional Designer: Designs, develops, executes, and maintains training programs. Conducts needs assessments and analyzes resulting data for best learning outcomes. Develops processes to deliver training, evaluate the training process, and implement procedures to improve the training process. Conducts research to ensure that content is thorough, relevant, accurate, and current. Designs, edits and maintains curriculum for training/learning sessions. Converts technical information into user-friendly instructional and communication material. Selects appropriate instructional procedures or methods. Develops and maintains reference tools. Continually assesses and monitors all training products to determine effectiveness. Designs cost-effective strategies for developing and delivering training.

Education/Experience: Master's/8 years
Bachelor's/10 years

Instructional Designer: Develops functional training materials and course curricula. Conducts research to ensure that content is thorough, relevant, accurate, and current. Designs, edits and maintains curriculum for training/learning sessions. Converts technical information into user-friendly instructional and communication material. Selects appropriate instructional procedures or methods. Develops and maintains reference tools. Continually assesses and monitors all training products to determine effectiveness. Designs cost-effective strategies for developing and delivering training.

Education/Experience: Master's/5 years
Bachelor's/8 years

MOBIS Labor Category Descriptions

Evaluation Researcher V: Directs the design, coordination, and delivery of formative research and program evaluation, including technical assistance to local, State, and Federal agencies and private foundations. Provides lead technical assistance on program evaluation, including development of questions, study design, sampling, instrument development, data collection procedures, data analyses, and report preparation. Provides technical leadership in the use of quantitative and qualitative methods and participatory approaches. Provides strategic planning assistance to clients and donors. Leads collaboration with partner organizations. Serves as in-house technical expert on social science research and evaluation issues, such as research design, methodological and research protocols, instrument design, data collection planning, research task analysis, research budgeting, research site selection, and data processing and analysis constraints.

Education/Experience: Doctorate/5 years
 Master's/12 years
 Bachelor's/15 years

Evaluation Researcher IV: Conducts the design, coordination, and delivery of formative research and program evaluation. Provides technical assistance on program evaluation, including development of questions, study design, sampling, instrument development, data collection procedures, data analyses, and report preparation. Provides technical leadership in the use of quantitative and qualitative methods and participatory approaches. Provides strategic planning assistance to clients and donors. Serves as in-house technical expert on social science research and evaluation issues, such as research design, methodological and research protocols, instrument design, data collection planning, research task analysis, research budgeting, research site selection, and data processing and analysis constraints.

Education/Experience: Doctorate/3 years
 Master's/10 years
 Bachelor's/12 years

Evaluation Researcher III: Designs and directs formative research projects for intervention design and program evaluation research. Assists in the development of questions, study design, sampling, instrument development, data collection procedures, data analyses, and report preparation. Collects and manages data. Leads qualitative and quantitative analyses of data. Provides technical assistance and training in applied research theories, research methodology, and program evaluation. Provides technical research support for the production of technical assistance materials, training manuals, and policy documents. Prepares technical reports for clients and donors.

Education/Experience: Doctorate/1 year
 Master's/8 years
 Bachelor's/10 years

Evaluation Researcher II: Assists with the design and implementation of formative research projects for intervention design and program evaluation research. Assists in the development of questions, study design, sampling, instrument development, data collection procedures, data analyses, and report preparation. Collects and manages data. Conducts qualitative and quantitative analyses of data. Provides technical assistance and training in applied research theories, research methodology, and program evaluation. Provides technical research support for the production of technical assistance materials, training manuals, and policy documents. Assists with preparing technical reports for clients and donors.

Education/Experience: Master's/6 years
 Bachelor's/8 years

MOBIS Labor Category Descriptions

Evaluation Researcher I: Assists with designing and implementing research for planning and evaluating. May design and conduct quantitative and qualitative research and evaluation on the application of behavior theory, communication, and social marketing to promote behavior change. Develops data collection instruments and protocols for quantitative research. Determines appropriate sampling procedures and specifies sampling plans. Conducts data analysis. Develops and monitors multisite assessments. Prepares technical materials, training manuals, and research and evaluation reports.

Education/Experience: Master's/3 years
 Bachelor's/6 years

Research Assistant II: Provides technical and operational assistance on evaluation studies. Collaborates on survey development and construction. Monitors data collection and manages onsite data collection contractors. Conducts content analyses of focus group discussions and open-ended interview questions. Interprets survey data and produces data tables, charts, and illustrations for technical reports, presentation materials, and scholarly articles. Collaborates on technical report production and literature reviews. Manages project files and retrieval systems.

Education/Experience: Bachelor's/2 years
 High School/6 years

Research Assistant I: Provides technical and operational support on evaluation studies. Assists with survey development and construction. Supports data collection and works with onsite data collection contractors. Assists in content analyses of focus group discussions and open-ended interview questions. Assists with interpreting survey data. Produces data tables, charts, and illustrations for technical reports, presentation materials, and scholarly articles. Assists with technical report production and conducting literature reviews.

Education/Experience: Bachelor's/0 years
 High School/2 years

Preparedness Consultant III: Provides advice and consultation on the development of emergency preparedness plans and policies. Leads the design and delivery of trainings to client staff and first-line responders. Leads the development and implementation of drills and exercises to ensure readiness of client and Federal, State, and local agencies to implement emergency response plans. Assesses the effectiveness of emergency procedures and provides advice on improvements. Leads the development of reports and performance indicators. Provides advice on policies and procedures and regulatory policies that impact emergency preparedness. Leads the design and implementation of evaluations of preparedness programs and activities. Leads additional preparedness activities as needed.

Education/Experience: Doctorate/6 years
 Master's/10 years
 Bachelor's/12 years
 High School/15 years

Preparedness Consultant II: Provides technical assistance and consultation for the development of emergency preparedness plans and policies. Designs and conducts trainings of client staff and first-line responders. Implements drills and exercises to ensure readiness of client and Federal, State, and local agencies to implement emergency response plans. Assesses the effectiveness of emergency procedures and provides advice on improvements. Develops reports and performance indicators. Provides input on policies and procedures and regulatory policies that impact emergency preparedness. Designs and implements evaluations of preparedness programs and activities.

Education/Experience: Doctorate/3 years
 Master's/6 years
 Bachelor's/8 years
 High School/10 years

MOBIS Labor Category Descriptions

Preparedness Consultant I: Provides technical assistance and consultation on the development of emergency preparedness plans and policies. Delivers trainings to client staff and first-line responders and with implementing drills and exercises to ensure readiness of client and Federal, State, and local agencies to implement emergency response plans. Assesses the effectiveness of emergency procedures and provides advice on improvements. Develops reports and performance indicators. Provides input on policies and procedures and regulatory policies that impact emergency preparedness. Assists with additional preparedness activities as needed.

FABS Labor Category Descriptions

Financial Analyst III: Facilitates data gathering and analysis to assess the efficiency and effectiveness of financial programs and operations. Posts transactions to various ledgers, journals, and registers. Inputs accounting data into computer for tracking manipulation and reporting purposes. Compiles and prepares specialized reports and analyses. Applies accounting principles, theories, and practices to a variety of complex assignments, including analyzing and evaluating accounting system data elements and adapting analytical techniques to monitor a variety of accounting functions. Solves exceptionally difficult technical problems in financial programs, including examining documents, records, and accounting reports and processes to ensure conformance with generally accepted accounting principles, operating procedures, and revised regulations. Performs complex tasks providing general or specialized analysis in various accounting functions such as accounts receivable, accounts payable, cost, and accounting. Responds to findings reported in the Chief Financial Officer Audit and other Audits of the client's financial functions as related to assigned financial program areas. Comments on draft policies and issuances by the higher level department staff and other governmental agencies.

Education/Experience: Bachelor's/2 years
High School/4 years

Financial Analyst II: Assists in day-to-day financial management operations, including processing, analyzing, and summarizing transactions and related data and properly classifying accounting transactions. Other general accounting functions include reconciling cash accounts, preparing supporting schedules, and ensuring that proper entries are made into the accounting system to facilitate preparation of annual financial statements. Utilizes accounting and financial analysis skills, including international operations, travel, purchase card audits, contract reconciliations, IPAC processing, and FEDEX processing.

Education/Experience: Bachelor's/1 year
High School/3 years

Financial Analyst I: Assists in day-to-day financial management operations. The services to be provided may include processing, analyzing, and summarizing transactions and related data and properly classifying accounting transactions. Other general accounting functions may include reconciling cash accounts, preparing supporting schedules, and ensuring that proper entries are made into the accounting system to facilitate the preparation of the annual financial statements. Utilizes accounting and financial analysis skills.

Education/Experience: Bachelor's/0 years
High School/2 years

Budget Analyst VI: Serves as team lead or supervisor of staff. Prepares multiyear budget estimates covering the client's control, research, and training activities. Provides advice and guidance to budget and program officials of the client on the preparation of budget estimates and prepares detailed analyses and critiques of estimates submitted. Assembles and/or develops background data and documentation in support of requested program budgets for reference and evidence in the agency budget hearings. Develops estimates reflecting the cost of implementing proposed budget and/or program legislation. Coordinates the formulation and presentation of budgets for assigned programs with budget personnel who are responsible for the administration of complementary programs and services. Monitors the execution of those portions of the approved organization budget through which national programs, including obligations and expenditures in multiyear grants programs and associated administrative costs, are funded. Performs advanced analysis of accounting and budget data to provide recommendations to the agency. Provide senior-level advice and guidance to the client and program offices on budget formulation and presentation.

Education/Experience: Bachelor's/10 years
High School/12 years

Analyst/Programmer V: As top-level technical expert, acts as project team leader in the design and development of a complex enterprise-wide business system. Consults with users to formulate and develop program objectives. Evaluates equipment capacities and limitations, operating time, cost and time requirements, and compatibility with existing systems to solve complex problems. Responsible for quality assurance and improvement review and directing and monitoring the work of team members. Has expert technical knowledge in all phases of applications systems analysis and programming.

Education/Experience: Master's /10 years
 Bachelor's/12 years

Analyst/Programmer IV: As a high-level technical expert, consults with users to formulate and develop program objectives. Evaluates equipment capacity and limitations, operating time, cost and time requirements, and compatibility with existing systems to solve complex problems. Defines steps required for program development and works on all phases of program. Writes program documentation and operation guidelines. Has advanced knowledge of programming techniques, operating systems, and platform capabilities.

Education/Experience: Master's /8 years
 Bachelor's/10 years
 High School/12 years

Analyst/Programmer III: Formulates, designs, and implements complex business, financial, and accounting management information systems. Determines system scope and objectives. Evaluates equipment capacity and limitations, operating time, cost and time requirements, and compatibility with existing systems to solve complex problems. Analyzes and revises existing system logic difficulties and documentation. Determines detailed program specifications and works on all phases of program development.

Education/Experience: Bachelor's/6 years
 High School/10 years

Analyst/Programmer II: Defines system scope and objectives through research and fact-finding. Plans, develops, and tests complex information systems and computer programs. Prepares detailed specifications from which programs are written. Designs, codes, tests, debugs, documents, and maintains computer programs. Prepares user documentation and materials. Has knowledge of current programming languages.

Education/Experience: Bachelor's/4 years
 High School/8 years

Analyst/Programmer I: Assists in researching and fact-finding to develop or modify information systems and computer programs. Meets with users to identify problems and document specific needs and requirements. Assists in preparing detailed flowcharts. Designs, codes, tests, debugs, documents, and maintains computer programs. Has knowledge of current programming languages.

Education/Experience: Bachelor's/2 years
 High School/6 years

Data Entry Team Leader: Supervises other data entry clerks to ensure that all tasks are completed on time. Assigns and reviews data entry files of entire team. Transfers data from electronic and hard-copy files into client's application by means of typing and copying/pasting. Requires some knowledge of computer software applications.

Education/Experience: High School/4 years

Data Entry Clerk I: Transfers data from electronic and hard-copy files into client's application by means of typing and copying/pasting. Requires some knowledge of computer software application.

Education/Experience: High School/2 years

IT Program Manager: Manages client's computer applications development project. Manages client relationships for a team of consultants, developers, engineers, analysts, and related professionals. Manages technical aspects of projects by instructing, directing, and checking the work of team members. Ensures project outcomes that conform to client's objectives and budget.

Education/Experience: Master's/10 years
 Bachelor's/8 years

IT Labor Category Descriptions

Database Analyst V: Acts as project team leader for all activities related to design, implementation and maintenance of complex databases. Serves as technical expert. Leads systems requirement definition and designs walk-through sessions with client. Formulates and monitors policies, procedures, and standards relating to database management. Has expert knowledge of all relational-based development tools, software, and hardware operating systems.

Education/Experience: Master's/10 years
 Bachelor's/12 years

Database Analyst IV: Designs, analyzes and evaluates complex data processing systems translating business/information systems requirements into relational database structures. Develops data models using industry-standard techniques for data normalization and denormalization. Prepares programming specifications and diagrams and develops coding flowcharts. Develops programs using Oracle and Microsoft SQL server and software using SQL, ISL, SEM, SQL*Plus, Forms, Reports, PL, SQL, C, Pro*C, C++/Visual Basic, Access, and Foxpro.

Education/Experience: Bachelor's/8 years
 High School/12 years

Database Analyst III: Designs, implements, and maintains complex databases. Maintains database dictionaries and integration of systems through database design. Analyzes database requirements, applications and programming of client. Works with client to develop specifications and recommends solutions that require definition of physical structure and functional capabilities of databases, data security and data backup recovery. Specializes in the use of database management systems and products such as Oracle, Sybase, SAP, and IBM.

Education/Experience: Bachelor's/6 years
 High School/10 years

Database Analyst II: Designs, implements, and maintains moderately complex databases. Includes maintenance of database dictionaries and integration of systems through database design. Ensures accuracy and completeness in data in master files and various support tools such as database.

Education/Experience: Bachelor's/4 years
 High School/8 years

Database Analyst I: Assists in the implementation and maintenance of databases. Works on several phases of database administration, including writing and maintaining simple systems and programs. Ensures accuracy and completeness of data in master files. Maintains security and integrity controls.

Education/Experience: Bachelor's/2 years
 High School/6 years

Applications Programmer V: Acts as project leader and highest level technical expert on complex applications programming projects. Has full responsibility for program design, coding, testing, debugging, and documentation. Devises and modifies procedures to solve complex business and scientific systems issues. Responsible for quality assurance review and monitoring and directing the work of team members.

Education/Experience: Master's/10 years
 Bachelor's/12 years

Applications Programmer IV: Provides technical consulting on complex applications programming projects. Has full responsibility for program design, coding, testing, debugging, and documentation. Analyzes, devises, and modifies procedures to solve complex business and scientific systems issues.

Education/Experience: Master's/8 years
 Bachelor's/10 years
 High School/14 years

IT Labor Category Descriptions

Applications Programmer III: Analyzes business and scientific systems specifications and procedures to solve complex problems based on equipment limitations and capacity, operating time, and form of desired results. Develops logic flowcharts, encodes programs, prepares test data, and tests and debugs programs. Revises and updates programs as required and provides necessary documentation for the customer/client.

Education/Experience: Bachelor's/6 years
High School/10 years

Applications Programmer II: Modifies moderately complex application programs from detailed specifications. Maintains, codes, tests, debugs, and documents programs as assigned.

Education/Experience: Bachelor's/4 years
High School/8 years

Applications Programmer I: Assists in maintaining, writing, and modifying routine applications from detailed specifications. Codes documented logic flowcharts and instructions. Tests, debugs, and documents programs as assigned.

Education/Experience: Bachelor's/2 years
High School/6 years

Senior Website Developer: Designs and develops complex interactive and transactional websites. Proposes website strategies. Creates action plans and applications to carry out strategies and accomplish objectives. Develops and tunes interfaces between Internet and customer/client ERP systems and other database marketing and customer relationship management systems.

Education/Experience: Bachelor's/4 years
High School/8 years

Website Developer: Designs and develops organization's website. Customizes web-based interactive features, builds database gateways, and implements electronic commerce services.

Education/Experience: Bachelor's/2 years
High School/6 years

Software Engineer V: As highest level technical expert, oversees technical design, development, and implementation of highly complex software products and systems. Addresses problems related to systems integration, compatibility, and multiple platforms. Performs feasibility analysis of product plans and designs. Defines architecture requirements and standards for design and development. Leads team of development staff and is responsible for project completion.

Education/Experience: Master's/14 years
Bachelor's/12 years

Software Engineer IV: As a high-level technical expert, develops technical designs and specifications for software products. Formulates and defines product specifications, design strategies, development schedules, and user expectations to product capabilities. Builds, tests, and maintains software product modules, components, and subsystems. Oversees and participates in the development of software user manuals and documentation. Has advanced knowledge of one or more platforms, operating systems, programming languages, and system architectures.

Education/Experience: Master's/8 years
Bachelor's/10 years

Software Engineer III: As a high-level technical expert, designs, develops, codes, tests, and debugs new software or significant enhancements to existing software. Analyzes software problems and develops specifications to resolve them. Participates in large system and subsystem planning. Tests and debugs assigned components and units. Adheres to product build and release schedules and strategies. Develops software user manuals and documentation. Has advanced knowledge of one or more platforms, operating systems, programming languages, and system architectures.

Education/Experience: Bachelor's/6 years
High School/10 years

IT Labor Category Descriptions

Software Engineer II: Designs, codes, tests, and debugs new software or makes enhancements to existing software. Prepares comprehensive test plans and recommends corrections. Identifies and debugs moderately complex problems. Resolves customer complaints with software and responds to suggestions for improvement and enhancements. Codes enhancements and support features. Assists in the development of software user manuals and documentation.

Education/Experience: Bachelor's/4 years
High School/8 years

Software Engineer I: Assists in designing, coding, testing, and debugging of new software and making enhancements to existing software. Writes programs according to detailed specifications. Participates in the analysis and development of test plans. Makes suggestions for problem solutions or software enhancements.

Education/Experience: Bachelor's/2 years
High School/6 years

Senior PC Support Specialist: Provides technical assistance and training to system users in a help desk or information center environment, including problem resolution, research, isolation, and followup steps. Develops supporting documentation of all activities. Evaluates, tests, installs, and modifies network and single-user workstation systems and applications. Consults with users to determine hardware and software configurations and recommends systems modifications to meet users' overall needs and requirements.

Education/Experience: Bachelor's/4 years
High School/8 years

PC Support Specialist: Provides technical assistance and training to system users in a help desk or information center environment. Responds to and diagnoses hardware, software, and operating problems through discussion with users by phone or in person and takes remedial actions or recommends procedural changes. Installs, loads, and configures hardware, software, peripheral equipment operating systems and environments, and word processing spreadsheet and database applications.

Education/Experience: Bachelor's/2 years
High School/4 years

Lead Computer Operator: Schedules and coordinates daily computer operations. Monitors and controls minicomputers or mainframe computers by operating central console or online terminals. Distributes and verifies work of computer operations team. Determines equipment setup and run operations. Monitors equipment to determine point of equipment or program failure and manipulates controls to keep continuous operations of computer system. Maintains operating records.

Education/Experience: High School/5 years

Computer Operator II: Performs moderately complex tasks associated with operating a computer, such as monitoring and manipulating central console or online terminals, operating auxiliary equipment, and maintaining records of output. Determines equipment setup, schedule jobs, executes nonroutine jobs, and observes console. Manipulates controls to rearrange program sequence.

Education/Experience: High School/2 years

Computer Operator I: Performs routine tasks associated with operating a computer, such as monitoring and manipulating console controls, operating peripheral equipment, and maintaining records and tape library.

Education/Experience: High School/1 year

McKinsey Consulting Corporation
